- Product Training
- Trade Fairs 2007
- JDN in Application

### Tip of the Month

JDN Air Winches Profi Lifter and Profi Puller are also available with increased motor power (6 kW) for high rope speeds.

### Photo Award 2007

Even this year we would like to make a photo award again. Interesting prizes are waiting for you. Detailed information will follow with the next newsletter.

### Product Training

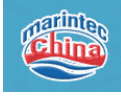

The current course dates for product trainings in our head office

in Witten as well as further information around this matter you will find on our web site in the "NEWS" section. If you have any questions concerning the product training you may also contact your JDN partner in your area.

Your **J.D. NEUHAUS** Sales Team
